5. [REDACTED] - LLM) Dan Hern, in the office of Representative Louis Wyman (R., N.H.), called and said the Representative would be interested in having a plaque of the Agency seal for his office. I told him that unfortunately we did not have any plaques on hand, that the few that were made up some time ago had been long distributed, but that we would keep the Representative's interest in mind if more were made up in the future. Hern thanked us for this consideration and asked what the prospects were and I told him I did not know.

6. [REDACTED] - LLM) Returned the call of Mr. Bjerke, in the office of Senator Warren Magnuson (D., Wash.), who wanted unclassified information from the Agency on project Camelot to handle a constituent inquiry. I referred Bjerke to the Congressional Quarterly Almanac (with references to congressional publications) for a fairly comprehensive rundown on this U.S. Army project. He was grateful for the assistance.

15. [REDACTED] - JGO) In response to his request delivered to Mike Lennon, Assistant to Representative Donald M. Fraser (D., Minn.), a copy of the Truman statement of December 1963 relating to the purpose and operation of the Central Intelligence Agency. Mr. Lennon indicated that the Legislative Reference Service of the Library of Congress had not been able to identify the statement. While in the office I met with Dale MacIver, Administrative Assistant to Representative Fraser, and learned from him that Representative Fraser plans to introduce late in the week a concurrent resolution to establish a Joint Committee on Intelligence. This measure is intended to implement the findings and recommendations of the Members of Congress for Peace Through Law for a joint committee to oversee the intelligence community. Their office has apparently been working closely with Senator Mark Hatfield (R., Oreg.) on this matter. I also received from Mr. MacIver a draft copy of the proposed resolution.

5. [REDACTED] - JGO) In response to her request, forwarded to Miss Dorothy Fosdick, Staff Director, Subcommittee on National Security and International Operations, Senate Committee on Government Operations, the complete text of President Thieu's 31 July broadcast to the Vietnamese people.

6. [REDACTED] - JGO) Received a telephone call from Mr. J. G. Sourwine, Chief Counsel, Senate Subcommittee on Internal Security, who requested that [REDACTED] a former member of the Castro regime, be made available for Subcommittee interview in accordance with the ground rules that had been worked out with the Subcommittee for this type case. From the press reports, this individual is knowledgeable in several areas of interest to the Subcommittee.

7. [REDACTED] - JGO) Received a call from Mike Lennon, Assistant to Representative Donald M. Fraser (D., Minn.), who requested help for the Congressman in identifying a statement attributed to President Truman in 1963 concerning limiting of the Agency's role to intelligence. Mr. Lennon said that the Legislative Reference Service of the House had been unable to identify the statement. I thanked him for the call and told him I would be back in touch tomorrow.

25X1

8. [REDACTED] - JGO) Met with Harry Lambert, Assistant to Representative Glenn M. Anderson (D., Calif.), and discussed with him Representative Anderson's letter of 30 July to the Director concerning the maintenance of files of names of persons opposed to the Vietnam war. In brief I explained that we do not maintain such files and since we are prohibited by the National Security Act of 1947 from internal security activities we are not in a position to determine the need for such files or the constitutionality of such practices. It was also pointed out that such a practice would appear to have little merit since the House Committee on Internal Security has published several volumes of testimony on this very subject. Mr. Lambert was most appreciative and advised that no further action would be necessary on Representative Anderson's letter, that they are engaged in a routine action generated by a constituent inquiry.
